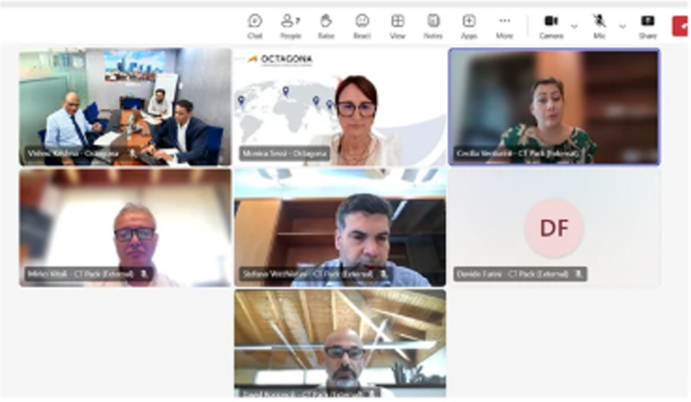
INTERNATIONAL INSIGHTS & MARKET TRENDS

An Eventful Month

Full of Opportunity & Action



Bonfiglioli Consulting USA Inc. together with **Octagona India Private Limited**, participated in Automate Detroit 2025, where over 800 exhibitors showcased cutting-edge automation technologies. The event was a hub of energy and innovation, highlighting how robotics and AI are transforming manufacturing across sectors. We connected with companies aiming for international growth and emphasized our services for U.S. businesses looking to expand into

India. From market entry or expansion strategies to operational setup, we support global expansion every step of the way.

Octagona India, in close **collaboration** with **Octagona Italy**, successfully organized and conducted a tailored online **BIS (Bureau of Indian Standards) workshop** for **CT PACK**. The session reinforced Octagona Group's commitment to supporting international companies with expert-led solutions for smooth and informed market entry.
